Givanas Cosmetics is research driven cosmetic manufacturing company. Our innovative product lines are proven to deliver superior results while maintaining highest standards of quality. Developed by Personal Care Professionals, our products are designed to target the most challenging market concerns – quality and affordability.

Givanas Cosmetics has invested well on the improvement and continuous development of its products. It intends not only for a competitive advantage in the market, but also in providing the best, effective and advanced collection of Personal Care products – all to give the consumer the finest satisfaction they can

get. With a professional and skilled workforce, coupled with continuous research and development, the company will stay at the forefront of innovation in a rapidly changing market.
